

ANKER

AMERICA'S LEADING TECH ESSENTIALS BRAND

PowerIQ 3.0

Anker-exclusive fast-charging technology. Intelligently identifies your device to deliver the fastest possible charge.

- 1 Discovers and replicates the charging protocol of device's original charger.
- 2 Device safely accepts its fastest possible charge speed.

VoltageBoost

Further increases charging speed by adapting output power to compensate for cable resistance.

MultiProtect

Our MultiProtect Safety System ensures complete protection for users and their devices.

- Input High-Voltage Protection
- Output High-Voltage Protection
- Input Current Regulation
- Output Current Regulation
- Automatic Current Matching
- Input Short-Circuit Protection
- Output Short-Circuit Protection
- Static Resistance
- Device Overcharge Protection
- Battery Overdischarge Protection
- Output Temperature Control

USB-C Power Delivery

Power Delivery supplies up to 20 times the power of a standard charger.

Use one charger for any device.
